

International Symposium on

“Marine Ecosystems, Natural Products And Their Bioactive Metabolites

25-27 October 2011
Bogor, INDONESIA

PROGRAMME & ABSTRACTS

2011-IPB-INOC

**Inter-Islamic Science & Technology
Network on Oceanography
TURKEY**

**Faculty of Fisheries & Marine Science
Bogor Agricultural University
INDONESIA**

International Symposium

on

“Marine Ecosystems, Natural Products and their Bioactive Metabolites”

25-27 October 2011, Bogor, INDONESIA

PROCEEDINGS

Edited par: A. CHOUIKHI

INOC-DECEMBRE-2011

**PROCEEDINGS of the INTERNATIONAL Symposium on
“Marine Ecosystems, Natural Products and their Bioactive Metabolites”
25-27 October 2011, Bogor-INDONESIA.**

Actes du Symposium INTERNATIONAL sur
" Les écosystèmes marins, Produits naturels et leurs métabolites bioactifs ”
25-27 Octobre 2011, Bogor-INDONESIE

International Symposium

on

“Marine Ecosystems, Natural Products and their Bioactive Metabolites”

25-27 October 2011, Bogor- INDONESIA

| TABLE OF CONTENTS | Page |
|---|------|
| Biological and biomedical properties, Biotechnology of Bioactive Marine Natural Products, Bioactive marine toxins | |
| <u>Ahsana D Farooq, Talat Roome, Sabira Naqvi & Muhammad I Choudhary</u> <u>Mangroves: rich source of pharmacological activities and needs attention.</u> <u>Aegiceras corniculatum a rich source of anti-inflammatory properties</u> | 01 |
| <u>Janjarus Watanachote, Supanee Leethochavalit, Nareerat Rittirut</u> <u>Antibacterial proteins and agglutinin of the innate immune system from skin mucus of marine fishes in Thailand</u> | 10 |
| <u>Jalal, K.C.A., Akbar John, B., Suffi, N.H., Md. Hazman, M.S., Deny, S., Kamaruzzaman, B.Y.</u> <u>Chitin and Chitosan from potential sea foods of Malaysia- A comparative study</u> | 18 |
| <u>Samia K. Mikhail & Wagdy Labib</u> <u>High protein and β-carotene yield of <i>Dunaliella</i> spp. exposed to high light intensities and nutrient limitation</u> | 23 |
| <u>Melki A., Zaenal Mustopa, Hefni Effendi</u> <u>Bio-Potentials activity of <i>Sonneratia caseolaris</i> (mangrove) extract as antibacterial collected from South SUMATERA.</u> | 34 |
| <u>Hina Saeed Baig & Ahsana Dar Farooq</u> <u>Seasonal variation in anti-inflammatory activity of two species of <i>Sargassum</i> from Northern Arabian Sea bordering PAKISTAN.</u> | 39 |

| | |
|---|-----|
| <u>Janjarus Watanachote , Nareerat Rittirut Supanee Leethochavalit ,</u> <u>Characterization of <i>Cryptocaryon</i> sp. isolated from marine fish in THAILAND and in vitro treatment.</u> | 49 |
| <u>Tahere Bagheri, Mohammad Reza Imanpoor, Aliakbar Hedayati</u> <u>Hematological responses of Persian sturgeon, <i>Acipenser persicus</i>, to anesthetic effects of clove essence.</u> | 60 |
| <u>Samia K. Mikhail & Wagdy Labib</u> <u><i>Achnanthes longipes</i> Agardh a biofouling organism: An experimental study.</u> | 69 |
| THEME 2: Marine Biodiversity | |
| <u>Fadila Tazerouti, Lassad Neifar, & Louis Euzet</u> <u>The enigma of <i>Monocotyle Myliobatis</i> Taschenberg, 1878 (Monogenea, Monocotylidae) is finally resolved: <i>Monocotyle myliobatis</i> rediscovered from off the type host <i>Myliobatis aquila</i> (Elasmobranchii, Myliobatidae) from Algerian coasts.</u> | 78 |
| <u>BELAIFA B. , BOUAMRA A. , ARAB A.</u> <u>Variation du régime alimentaire du Sandre (<i>Sander lucioperca</i>.)</u> | 86 |
| <u>Benmalek Yamina</u> <u>Study on halophilic bacteria isolated from the Mediterranean Sea.</u> | 98 |
| <u>Isdy Sulisty</u> <u>Performance reproductive du Tambour <i>Otolithes ruber</i> (Perciforme, Sciaenidae) des eaux de Tegal (Mer de Java) selon les critères morpho-anatomiques et histologiques.</u> | 106 |
| <u>Tazerouti Fadila</u> <u>La parasitofaune des sélaciens torpedinidae des côtes algériennes : biodiversité et spécificité parasitaire.</u> | 112 |
| <u>Sahar Fahmy Mehanna</u> <u>Population dynamics and management of Snubnose emperor <i>Lethrinus bungus</i> (<i>L. borbonicus</i>) from the Foul Bay, Red Sea.</u> | 121 |

| | |
|--|-----|
| <u>Mahsa Haghi, Ahmad Savari, Preeta Kochanian, Seyed Mohammad Bagher Nabavi, Mohammad Hasan Nami, Mohammad Zakeri</u> <u>Shallow- water macrobenthos assemblages in relation to sediment characteristic in the south Qeshm Island, Persian Gulf.</u> | 129 |
| <u>Aymen HADJ TAIEB , Mohamed GHORBEL, Nader BEN HADJ HAMIDA & Othman JARBOUJ</u> <u>Etude de la biométrie de <i>DIPLODUS VULGARIS</i> (E.Geoffry ST.-Hillaire, 1817) des côtes Sud de la TUNISIE.</u> | 137 |
| <u>Mahnaz Rabbaniha, Gholamreza Izadpanahi, Fereidoon Owfi, Fatemeh Mohsenizadeh</u> <u>Plankton community assemblage in surface layers of Northern part of the Persian Gulf (IRAN - Bushehr area), using by PCA.</u> | 143 |
| <u>EL HAOUATI H., ARAB A</u> <u>Etude de la flore diatomique du lac de Réghaia (Algérie).</u> | 150 |
| <u>Mohammad A. Salari-Aliabadi, Ehsan Abedi</u> <u>Population genetic structure of <i>Scomberomorus commerson</i> using microsatellite markers in the Persian Gulf.</u> | 159 |
| <u>Asma Daryanavard, Asghar Abdoli, Bahram Kiabi</u> <u>Spatial and temporal variation in the Ichthyofauna of rocky tidal pools from Qeshm Island.</u> | 167 |
| <u>Zeinalipour Mohammad, Javanshir Arash & Seyfabadi Sayed Jaafar</u> <u>The Comparison of bivalve, <i>Mytilaster lineatus</i>, growth and recruitment in three coastal regions (Amirabad, Khazarabad and Noor) of Mazandaran.</u> | 173 |
| <u>Mahsa Haghi; Ahmad Savari; Preeta Kochanian; Mohammad Bagher Nabavi; Mohammad Hasan Nami; Mohammad Zakeri</u> <u>Benthic habitat mapping on the south coast of the Qeshm Island Geopark, Persian Gulf, based on single beam acoustics.</u> | 183 |
| Theme 3: Ecology, Biological & Chemical investigations | |
| <u>Suijrat Al Azad, EjriaSaleh and Justin Hii Yung Siang</u> <u>Effects of human induced activities on the sediment characteristics of Sulaman Bay lagoon, Kota Kinabalu, SABAH, MALAYSIA.</u> | 191 |
| <u>Hosny Ibrahim Emar</u> | 199 |

| | |
|---|-----|
| <u>Seasonal variations of Aliphatic hydrocarbons in Mediterranean seawater West of Alexandria.</u> | |
| <u>Fereidoon Owfi, Mahnaz Rabbaniha, Zeinab Ansari, Morvarid Rahimi, Maisam Toosi</u> <u>Ecological classification of intertidal habitats (Iranian coasts of the Persian Gulf & Oman Sea), using by CMECS Model.</u> | 206 |
| <u>S. Lakkis, V. Novel Lakkis</u> <u>Global Warming inducing “Tropicalisation” of the East Mediterranean, Case study: Invasion of Marine Tropical species in the Levantine Basin.</u> | 217 |
| <u>Aliakbar Hedayati, Abdolali Movahedinia and Tahere Bagheri</u> <u>Enzymatic responses of Yellowfin Seabream (<i>Acanthopagrus latus</i>) during exposure to chronic mercury in Mahshahr creeks.</u> | 226 |
| <u>Kambiz Jahanbin and Aliakbar Hedayati</u> <u>The first application of a new prebiotic for the health improvement of Atlantic salmon exposed to Mercury chloride.</u> | 233 |
| <u>Nemati H. , Shokri MR., Pazoopki J.</u> <u>Are beach seine fishing activities altering benthic communities in Caspian Sea?</u> | 241 |
| <u>Amir Jaferian, Hossein Zolgharnein, Mehdi Mohammadi, Mohamad-Ali Salari-Aliabadi, Seyed-Javad Hossini</u> <u>Fourfinger threadfin fish (<i>Eleutheronema tetradactylum</i>) in Persian Gulf: weight length model, morphological specification & optimized method of genomic DNA isolation.</u> | 245 |
| <u>Aliakbar Hedayati, Alireza Safahieh, Tahere Bagheri , Abdolali Movahedinia</u> <u>Effect of sub-lethal Mercury toxicity on hormonal indices of Yellowfin Seabream.</u> | 255 |
| <u>Mostafa M. El-Sheekh , Hanan M. Khairy , Rania El-Shenody</u> <u>Influence of the production of extra and intra-cellular polysaccharides from some algal species under toxic <i>Microcystis aeruginosa</i> (Kützing) crude extracts.</u> | 263 |
| <u>Fatemeh Pourjomeh, Mohammad Reza Shokri and Bahram Kiabi</u> <u>Running head: Surrogacy value of artificial reefs for natural reefs. Are cement boulders mimicking natural boulders for macrobenthos in southern Caspian</u> | 274 |

| | |
|---|-----|
| Sea? | |
| Mohammad Zakeri, Jasem G. Marammazi , Preeta Kochanian Dynamics of total lipids and fatty acids composition during endogenous period in yellowfin seabream (<i>Acanthopagrus latus</i>) eggs and larvae. | 283 |
| Theme 4. Marine Aquaculture, Fisheries, Oceanography and Climate Change | |
| Tahere Bagheri, Mohammad Reza Imanpoor , Aliakbar Hedayati Replacement of soybean meal as alternative protein sources for improvement of marine aquaculture. | 291 |
| Mohammad Al-Zibdah, Mohammad Amir and Sayeda Mier Quality of rearing water and the growth profile of Gilthead Bream utilizing mega flow re-circulating aquaculture system (RAS). | 298 |
| BOUAMRA A., BELAIFA B., ARAB A. Dynamique de la population du Sandre (<i>Sander lucioperca</i>). | 305 |
| Mohamed El Houssein Ould Mohamed La pêche en Mauritanie: état des lieux et perspectives. | 317 |
| Lakkis S. & Sabour W. Marine Fish Resources in Lebanese coastal waters. | 329 |
| CLOSING SESSION : Recommendations | 340 |
| Opening statement By Dr. H.H. Kouyoumjian | 341 |
| Closure address by Prof.Dr. A. Chouikhi | 342 |
| List of Participants | 343 |
| Photos: participants to the symposium | 358 |
